

Hymns, Our Christian Heritage

To use these flash cards:

- Print on card stock for durability.
- You may wish to print them on different colors based on the subject matter.
- Each 8 ½” x 11” card is to be folded in half.
- Either side may be used for review or visual reinforcement.
- If you are very talented with the copy machine, you may run one side, then run the same thing on the second side. Then you will have two complete sets of the flash cards. Simply cut them apart as shown by the dashed line to the right.

Fold each flash card on this line. Or if making two sets, front & back, cut on this line.
